CHASE'S

GRADE

COUNT

BULLETIN No. 1

January 28, 1955.

Chase's practice of "WHEN IN DOUBT PUT IT IN THE LOWER GRADE" has been applied to this entire assortment. This means a better grade than A. A. N. standards for your trade. Most of the material listed is ready for immediate shipment. Shipments can be made when and as you wish, but we should have your requirements booked while the assortment is fairly complete.

Price quoted is our 100 rate, but any order for 30 or more plants will be honored at this low rate. Please order to conform to our bunching standards as follows:

5/6' tied in 5's
 4/5' tied in 5's
 3/4' tied in 5's
 2/3' tied in 10's
 18/24" tied in 10's
 12/18" tied in 25's

PHONE service is through Huntsville, Alabama's new multi-million dollar dial exchange.
